Dear Dr Dale

A Better Eurobodalla (ABE) writes in regard to the Batemans Bay Regional Aquatic, Arts & Leisure Centre (BBRAALC) currently under construction at Batemans Bay.

Page 31 of Council agenda papers for the ordinary meeting of 25<sup>th</sup> February 2020 (item CCS 20/007) indicated that the BBRAALC project design had been modified to provide evacuation centre capabilities, in order to qualify for additional funding.

ABE seeks details regarding the following aspects of agenda item CCS 20/007

- 1) What specific changes to the project design were made in order to confer evacuation centre capabilities for the structure?
- 2) What was the identified source of additional funding facilitated by these modifications?, and
- 3) Has Council applied for funds from the source identified in question 2, and if so, what was the outcome?

ABE looks forward to your timely advice regarding these aspects of relevance to the safety, resilience and financial management of the Eurobodalla community and its ratepayers.

Yours sincerely,

Dr Brett Stevenson  
Co-Convenor  
ABE
